Established in 1960, THAI CELADON® has always been recommended by many knowledgeable publishers, including the New York Times for its renowned products.

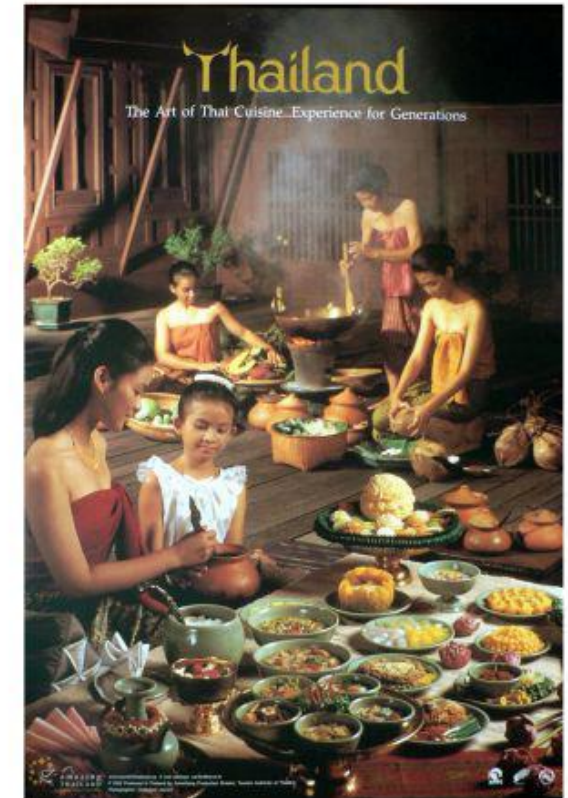

Its uniquely oriental charming decor and exquisitely durable dinnerware are of the finest quality. This is why, a set of THAI CELADON® ware were chosen, by the Prime Minister of Thailand, as a gift to the America's First Lady Mrs. Rosalynn Carter, in 1979, as a "gift of State."

With undiminished quality, THAI CELADON®'s products are widely accepted in Thailand and worldwide. And every piece passes consumer product standard tests in major market, including EU, USA, and Japan. Our customers include prestigious hotels, restaurants, department stores, online stores, specialty stores and embassies.

What makes THAI CELADON® even more distinguished is that while THAI CELADON®'s products are all-natural and hand-fashioned, it is at-the-same-time proved to be dishwasher safe, freezer safe, microwave safe, scratchproof and chip resistant. And no doubt, every piece is lead and cadmium free, and of course is food-safe.
